ABOUT GIPTCA

Delve into Stimulating Talks from the Vibrant World of IP and IT

Announcing Legal Era's 9th Global IP and Tech Conclave and Awards 2025!

To all the professionals of Technology & IP – Gear up for a power-packed Global IP and Tech Conclave and Awards 2025 – This time, in the very futuristic city of Dubai!

With 20 break-out sessions lined up, the largest IP and Tech portfolios and fast-paced innovative startups and MSMEs are set to collaborate, contribute, and enrich the world of IP and IT. As wisdom speaks,

“The protection of intellectual property is essential to fostering innovation. Without protection of ideas, businesses and individuals would not reap the full benefits of their inventions and would focus less on research and development.”

Conceptualized by Legal Era-Legal Media Group and Legal Era IP Lawyers Community, the 9th Global IP and Tech Conclave and Awards 2025 are scheduled for two days – in January in Dubai where we will exchange knowledge and recognize the IP legends and stars from across the globe.

This is a marquee opportunity to explore, network, and upscale your horizons as you access a vibrant hub where like-minded professionals from different countries converge to share insights, discuss innovative technologies, exchange best practices, and explore solutions for maximizing business success.

Just as in the last eight editions, this 9th GIPTCA Conclave will see participation and attendance from Managing Partners, Senior Partners, Partners, and Associates from law firms globally. We will be joined by leading Intellectual Property, Copyright, Data Privacy, and Artificial Intelligence lawyers from across the world.

IP Innovation, Strategy, Emerging Landscape, Challenges & Opportunities – the Conclave appreciates that IP today intersects with tech at every stage. And we all know that the continually evolving IP, Media, and Technology Landscape is bound to impact your firm-wide business strategy, competition, and operations.

Some of the topics the Conclave will delve into are successful approaches seen in IP and Tech, innovation and strategies of the industry, AI copyrights, licensing in technology, and many others which will ignite stimulating discussions.

Lawyers from will interact with their counterparts and leading lawyers from the Middle East, the US, the UK, the African continent, Vietnam, Korea, Singapore, Japan & Hong Kong attending the event.

We will have participants who are IP Professionals, IT Trailblazers, IP Regulators, Policymakers, Media and Entertainment Experts, Litigators, Investors, Advisers, and Seasoned Colleagues from industry and official bodies, including 500 + Companies that are MSMEs, Start Ups, Consulting Firms, and Technology companies.

This year's awards will focus on global lawyers. The Conclave will conclude with awards felicitating change makers and drivers of excellence in Intellectual Property.

The GIPTCA Secretariat comprises the masters of the legal craft and industry best practices: **Pravin Anand**, Managing Partner, Anand and Anand; **Debolina Partap**, Group General Counsel, Wockhardt Ltd.; **Jasmine Karimi**, Regional Counsel, APAC, FMC Corporation; **Hari Subramaniam**, Managing Partner, Subramaniam & Associates, and **Manisha Singh**, Founder and Partner, Lex Orbis.

True to its name, “Global” IP and Tech Conclave and Awards, the Conclave presents an inimitable opportunity to listen to and meet IP and Tech experts from across time zones and areas of expertise. Stay tuned for registration updates.
